

# ***The British Ragdoll Cat Club Breeders Seminar***

**Plumley Village Hall, Plumley Moor Road,  
Plumley, Nr Knutsford Cheshire WA16 0TR  
Saturday 22<sup>ND</sup> & Sunday 23<sup>rd</sup> August 2020**

**10am to 12.30 & 1:30 to 5pm**

*You are invited to join us for our seminar. Anyone with an interest in breeding or showing Ragdolls is welcome.*

Among the many topics covered, we will look at good husbandry, preparing for your first litter of kittens, basic genetics and breeding practices. We will examine GCCF requirements, the Ragdoll Breeding Policy and what to look for in a kitten with show and breeding potential, how to predict the patterns and colours of Ragdolls and how to select compatible pedigrees. During the afternoon on one day delegates will have the opportunity to test their skills in assessing the cats and kittens on exhibition.

Breeders should be aware that once you become a Probationary Breeder with TBRCC you will be expected to attend an advanced seminar either on the following day or following year having successfully raised a litter of kittens, after which you can apply to become a full breeder. All breeders are probationary for a minimum of one year. When you are a Probationer Breeder you will be added to TBRCC Registered Breeders list and you can use the kitten list to advertise your kittens.

Tea and coffee are available throughout the day. You will need to bring lunch, or purchase from the garden centre a short drive away. Donations of raffle prizes are always welcome.

Please note that the seminars are very popular. It is necessary for us to limit numbers for the benefit of all attendees, so apply early or you may be disappointed.

Please return the tear off slip **at least two weeks prior to the seminar**. We can also accept an email detailing the information below. Please make the subject of your email 'TBRCC Seminar'.

Please send to: **Candice Prowting, 19 Barlows Road, Tadley, Hants, RG26 3NA**

Tel: **07800 868616** or email [info@eiserblew.co.uk](mailto:info@eiserblew.co.uk)
